[Questions](#)

- What exactly does a provost do?
 - You may be wondering that because it seems like I do what various unit managers/heads do. They are responsible for student affairs, student activities, student health. academic advising, enrollment - making sure everyone is in right classes, programs for CAT classes... The directors of res life are taking care of where people live. That is about everything each college needs to take care of.
 - Every one of the units needs elbow room/resources. I take more of a college level look at these functions - I see what space (not just physical, but developmental) needs to be provided. I meet with people out of the university, and outside colleges within university. That loosely defines what a provost does.
- Where can we find contact you?
 - provost@sixth.edu OR Ichilukuri@ucsd.edu

- What did you before being provost at Sixth?
 - Before, I was a coordinator of undergraduate biology teaching labs. I ran, taught, and oversaw microbiology labs. BME 121 was mine. A year ago I took one year of absence to live in DC for one entire academic year because my oldest daughter had a baby. She was lined up to be the clerk for the Supreme Court Justice, and her baby was born four weeks before she began clerking, so I went to help. I came back and started working.
- If we see you around campus, how should we address you?
 - Dr./Provost Chilukuri ... or as FYE refers to me: Provost “Chil”

Justin (Point of Information): Can you explain what this is going to be?

Andy: Meet others from other colleges, better understand your role in council

Rachel: Will you be sending out forms on when is best for everyone? Some people have midterms on weekend.

Andy: Good idea, but problem with that is that there are so many people involved. Maybe I will do a personal WhenIsGood for Sixth College.

Andy (Point of Information): If you are a senator, you have to sit either on rules committee or finance meeting, so if you haven't been going to finance meeting, congrats - you are on rules committee.

a. BUDGETS

- a. **"Sixth Takes Disneyland"** - ORG: SPEC (submitted by Daniel Howanec SPEC Director)

Second: Katya

Andy (Point of Information): It's not necessarily to experience Christmas - it's to experience Winter at Disneyland.

Diane: The \$9710, does that include money that is paid back?

Winnie: We will actually be paying about \$3830, since students will be paying for tickets. We are funding ~\$9000 up front, and getting ~\$5000 back.

Michelle M.

iv. Funded: \$200.00 (3,1,0) informal

Budget Discussion

Rushabh: I was present at the finance meeting when we discussed it. The reason why we decided to fund less than they actually requested is because their prices for donuts, venue, and decoration are overestimated.

Daniel H.: Is this coming out of our budget or do we have line item?

Winnie: Line item.

Mady: How much is the line item?

Diane (Point of Information): The total line item is for all of res life, not per event.

Rachel: They provided links to what they are purchasing so we can easily click those and double check that they are not overestimating their prices.

Michelle M. (Point of Information): The issue with it is not the amount of things they're buying, but that their estimated attendance is larger, so amount of things they're buying is off. From personal experience, in past educational events, you wouldn't normally expect 300 students, it's more 100-200 students. The amount of money they're spending on decorations is large amount.

Andy: Generally I don't want to speak up since I am chair, but I did notice that too, which tweaked me a little. Artificial Ivy Leaf Plants Vine and Artificial Fake Greenery Garland Willow Leaves - it's about \$180 of the budget. I'm pretty sure we have things like in Woodstock's Nest.

Daniel (Point of Information): They did mention during Finance Meeting that they will be using these items in the future.

Rachel: With the money they don't use, it comes back to us?

Andy: Yes.

v. Total expenses: \$1154, **requesting \$504.56** from SCSC

1. Voting options:

- a. Fund full amount requested
- b. Fund \$200
- c. Not fund

1. Normalizing conversations about sex through educational activities

Mady: I don't think total is correct.

Andy: Would you want to table this after making sure?

Motion to table budget discussion until next meeting: Mady

Second: Michelle M.

d. **"Giving Tuesday"** - ORG: Sixth College Res Life (submitted by Brandon Hernandez)

i. Nov 13, 7-9pm

 - d. **Announcements from Jesse:**
 - a. Make sure we are cleaning the work room.
 - i. This is an employee work room. Council uses it but it is a staff workroom. Put things back where it should belong.
 - 1. 48 hour limit

Justin (Point of Information): Working on creating community guidelines and rules of work space with Jesse. After an event, esp. directors, we will leave stuff on floor and not move things around. This does suck on mine and Jesse's parts because we are the ones who have to clean it up. We will establish these guidelines so everyone is more conscious soon.

If you need access to Woodstock's, I have access, Jesse has access. I think PJ and Elaine do too.

Senator Reports

- Sharmistha Chakrabarti, Fourth Year Senator
 - a. Career Services Center - want **feedback**
 - a. Would you rather have individual help on resume and have reps from center help with that if they can, or have a workshop?

Rushabh: Maybe a short presentation in beginning and then one-on-one help after that.

Diane: It is more than likely they will send peer advisors over. When you submit workshop information, tell them you want them to talk about leadership skills, esp. for student leaders who have not worked - you can transform your leadership skills into useful work skills.

Motion to move back to public input: Justin

Second: Daniel. H

Provost Chil: For resume workshops I have seen in the past, there were worksheets sent out to any potential participants that allowed them to gather information first. Prior to preparing your resume, it is easier to have that worksheet to refer to. You can see how what they are doing is transferring to your resume in this way.

Motion to reorder back to Sharmistha's report: Daniel H.

Shubham: I wasn’t at Fall Retreat. What does having two absences mean?

Michelle: Exec team will have to have a formal conduct meeting to determine whether you still stay in council or not.

Andy: Please just make it to council meetings. We don’t want to have to evaluate you and whether you should remain in council over something so simple.

Shubham: It’s two unexcused absences allowed per....

Michelle: Quarter

- Shubham Kalklarni, HDH rep
 - [Link to report here](#)

 - Tapingo complaint

Andy: What is Tapingo?

Shubham: Nice app that orders from any dining hall, get to skip line, get your food, free. No pick up cost.

Justin (Point of Information): For the to-go containers, is it just for students who live on campus?

Shubham: I think anyone, but can get back to you

- Boba at Canyon View
- Food trucks at Warren
- Free ranch

Emma: Why do we have to pay for ranch?

Shubham: Ranch was by salad bar, so you had to get a bowl and pay. Now it’s free. I think that just means it’s moving the actual ranch container outside.

- Ethan Dang, UCAB Representative
 - Renovating Tapex plaza
 - Area outside not owned by Tapex, but it is defined because it is by Tapex
 - Not an area that a lot of people go to
 - Thinking of renovating - adding couches so people stay there rather than making it a transactionary place where you buy food, eat, then go
 - Maybe some lights, making it light
 - Maybe an area people who want to put up some small entertainment can go by.
Will update

Justin: How big is this space - trying to picture it?

Ethan: Not sure myself. It is outside Tapex.

Daniel H. Do we know anything about that place that used to be Round Table?

Ethan: Dirty Birds!

- Known for wings, used to serve pizza, which is why it replaced Round Table
- Really sought after by students.

- Emma Pruett, SFAB Representative
 - Motion to open 2 minute discussion:** Emma
 - Second:** Rushabh

- Going to be giving presentation about what makes SCSC best, what they can offer to us, what we can provide them. Any input?

Justin: We're actually just the best. As for what they can give back to us, a lot of students are unmotivated to RIMAC because it's so far. Shuttle does not stop at Sixth anymore now with construction.

Rushabh: Extending Canyon View hours, will help Sixth students

Andy: There are lots of people who know what they're doing. It's intimidating for people who don't know what they're doing. Maybe have classes.

Sharmistha: They do have classes for that, so they could advertise that more. It's not as well known.

Rushabh: Coupons for classes could be cool.

Motion to extend discussion by 2 minutes: Sharmistha

Second: Myra

Justin: If their events needed volunteers, our council can help.

Daniel: Sixth is known for programming. We have lots of booths of orgs that show up, we can advertise.
