THIS WEEK SIXTH COLLEGE CELEBRATES
OUR STUDENTS WHO HAVE SERVED

SIXTH COLLEGE
STUDENT VETERAN SPOTLIGHT ON

**DAVID
ISIAHO**

SENIOR, ELECTRICAL ENGINEERING MAJOR
UNITED STATES NAVY VETERAN
USS KIDD DDG 100
ELECTRICIAN'S MATE

LIFE AT UC SAN DIEGO IS LIKE LIFE IN THE MILITARY BECAUSE...

There is always something that needs to be done (assignments, projects, studying) and doing it with a team (study groups, TAs, friends) helps with efficiency, time management and ease.

HOW DO YOU APPLY YOUR MILITARY EXPERIENCE TO YOUR EDUCATION?

Prioritizing tasks, breaking them up into smaller manageable tasks, breathing exercises, meditation and introspection especially during high stress and anxiety inducing periods.

WHY DID YOU CHOOSE UC SAN DIEGO?

Simply the best for me! Where else do you have great weather all year round, world renowned engineering programs, multicultural mix of students in a multicultural city and can catch waves at the beach between classes? Amongst other things of course!

WHAT HAS BEEN YOUR MOST EXCITING EXPERIENCE IN THE MILITARY?

Travelling around the world and experiencing different cultures, meeting people from different walks of life and going on tours and travels in countries I used to read and watch about when I was a child.

WHAT HAS BEEN YOUR MOST EXCITING ACCOMPLISHMENT IN COLLEGE?

I did an education studies class that required volunteering at a local elementary school. I mentored an 11 year old boy and our interaction was most rewarding and he has a newfound excitement for excelling in school so that he may go to college and be an engineer, among other things.

WHAT IS ONE PIECE OF ADVICE YOU WOULD GIVE TO STUDENT VETERANS?

Take the time to enjoy the college experience outside of the academic part. You can often find a great balance and it is good for your mental health and overall psyche.

ON BEHALF OF
UC SAN DIEGO AND THE
SIXTH COLLEGE COMMUNITY,
WE THANK YOU FOR YOUR
SERVICE!
